

A close-up photograph of a wooden log's cross-section, showing the natural grain and radial cracks of the wood. A semi-transparent grey rectangular box is positioned in the upper-left quadrant, serving as a background for the company name. The text 'Nordic Hardwood Factory.' is displayed within this box, with the first letter of each word in orange and the rest in white.

Nordic Hardwood Factory.

NHF.LV

PAR MUMS:

Nordic Hardwood Factory jeb NHF.lv ir Latvijā radīts un lolots zīmols, kas izmanto tikai augstākās kvalitātes kokus no Latvijas. Atrodamies galvaspilsētā Rīgā, tāpēc esam viegli un ātri sasniedzami ikvienam. NHF.lv ir SIA Fasāde PRO struktūrvienība, kura galdniecības nozarē ir jau kopš 2005. gada. Lielākā daļa vēsturisko ēku Rīgā ir apmestas ar kaļķa javu, tādēļ SIA Fasāde PRO speciālisti sākotnēji koncentrējās uz šāda veida ēkām, bet laika gaitā, uzņēmums sāka arī koka fasāžu atjaunošanas un renovācijas darbus, lai saglabātu ēku kultūras un vēsturisko mantojumu. Laika gaitā, iegūstot milzīgu pieredzi un paplašinoties, SIA Fasāde PRO nolēma izveidot jaunu zīmolu NHF.lv, kas specializējas koka atjaunošanā un izgatavo dažādus masīvkoka produktus.

ABOUT US:

Nordic Hardwood Factory also known as NHF.lv is a brand created and cherished in Latvia, which uses only the highest quality wood from Latvia. We are located in the capital of Latvia – Riga, so we are easily and quickly accessible to everyone. NHF.lv is a structural unit of SIA Fasāde PRO, which has been in the carpentry industry since 2005. Most of the historical buildings in Riga are plastered with lime mortar, therefore the specialists of SIA Fasāde PRO initially focused on this type of buildings, but over time, the company also started restoration and renovation of wooden facades, doors and windows to preserve the cultural and historical heritage of the buildings. Over time, gaining huge experience and expanding, SIA Fasāde PRO decided to create a new brand – NHF.lv, which specializes in wood restoration and manufactures various solid wood products.
